Speed Statistics - All Days(mph)		
	Mean	85%ile
Dir 1:	29	32
Dir 2:	28	31

The 85%ile is established by listing all speed records in ascending order. The speed of the vehicle recorded at the 85% point is used. So, for example for 1000 vehicle records this would be the vehicle that was listed at 850 or for 33000 vehicles it would be record 26900.
