4. 004 20/21	<p>Public forum.</p> <p>Alec Davis:</p> <ul style="list-style-type: none"> • Asked about any plans to list the phone box: Cllr Haslam advised that the option of listing was noted but that currently there were no plans to list it. • Farnworth Cottage, Clanna Lane seems worth listing – the Clerk will contact the owner to ask if they would have any objections to this being looked into. • Asked about any progress with the registering of the memorial hall. Cllr Haslam advised that this is ongoing, and the application is now with the Land Registry, which has a big backlog. • Mr Davis noted the planned meeting on the sewage flooding issue at 1 Tudor Cottage. • Asked about Sandford Hill – bank encroaching on the path – Clerk advised that this has been reported to Highways. Cllr Haslam expressed appreciation of Highways for surface work on Clanna. • Flytipping on Clanna – the Clerk advised that this has been reported to FoDDC. • Character Assessment that comes with the NDP – does this supersede any pre-existing character appraisal? The Clerk will ask FoDDC. • Garlands Road pavement has finally been repaired. <p>John Wood:</p> <ul style="list-style-type: none"> • Significant potholes on Swan Hill – on the uphill carriageway. The Clerk advised that these have been reported to Highways. • Debris on Swan Hill is still there. The Clerk advised that this has been reported to FoDDC. • The seemingly unstable wall on Swan Hill – Clerk advised that this has been reported to Highways, who identified it as a private wall and have referred it to Building Control, who will contact the owner. Cllr Haslam observed that some chainsawing work had been taking place on the bank above and expressed concern that this may worsen the problem. 	

<p>5. 135 20/21</p>	<p>To receive/note any reports from county and district councillors for the parish.</p> <p>County Councillor Patrick Molyneux:</p> <ul style="list-style-type: none"> • The county council has submitted planning applications for two new schools – Leckhampton (secondary) and Brockworth (special) • Pleased to be able to award some Growing Our Communities funding to the parish's crossing improvement scheme. <p>District Councillor Chris McFarling:</p> <ul style="list-style-type: none"> • Levelling-up fund: FoDDC is eligible, and the bid deadline is 18th June, and FoDDC is working on putting forward three regeneration projects. Low carbon is also a focus. A project expression of interest form will be going out to all parish and town councils soon. • FoDDC won't be putting in a fusion power bid because the council is focussing on delivering benefits to the community sooner than the 2040s. • Sewage flooding, 1 Tudor Cottage: Following his complaint to the Consumer Council for Water, DCllr McFarling got a call from the team leader of the high priority complaints department at Severn Trent to advise that the complaint was being investigated and that they would be sending their officer Matthew Jeynes to the upcoming meeting so that they can look at the options in that area. After that meeting, Severn Trent advised they would submit a response from STW to the consumer council. DCllr McFarling has since contacted CCW to suggest that there are some alternatives to rebuilding the pumping station. DCllr McFarling pointed out to the team leader that a meeting did happen before with the officer's predecessor, but there was no response thereafter despite chasing up. If there is no progress made via the CCW complaint, it can be referred to OFWAT, which is a 'higher up' regulator. <p>At this point, the floor was given to Shirley Nash, a parishioner, and neighbour of 1 Tudor Cottage, to advise that she owns the field next to the property and that their field floods too when Mrs Higgs' floods.</p> <p>Cllr Haslam summarised the upcoming sewage flooding meeting – on 20th April the meeting would bring together, on-site, the key parties to explore options and assign actions aimed at improving the situation.</p>
